PUBLICITY OVER \$100

Personal Representative of Governor Johnson Pays Visit to Nebraskan's Home.

Lincoln, Neb., Aug. 6.—Mr. Bryan last night caused to be given out for publication the following:

"Wanted — Campaign contributions from citizens of the United States who favor these democratic propositions: Tariff revision by representatives of the consumers of the products and not by the agents of those who make exorbitant profits by manufacture and sale of highly protected products.

"Election of United States senators by popular vote, thus breaking up the senatorial oligarchy headed by the Standard Oil, which is strong enough to successfully resist all measures offered in behalf of the public welfare.

"Guarantee Bank Deposits. "Destruction of private monopoly and the enforcement of law against trusts by the people who are oppressed by the trusts and not by the agents of the trusts.

"Publicity of campaign contributions before election day so that the people may know who is paying the expenses of candidates.

"Adoption of an income tax, because it is just, and under it wealth may bear its proportionate share of the burdens of the federal government.

"Punishment for Exploiters. "The punishment of men who manipulate railroad stocks and ownership; the encouragement of railroad construction upon businesslike basis, and railroad operation with fair returns in wages and profits to workers and owners of honest valuation and honest labor, but not on watered stock and false bond issues created by exploitation.

"The appeal closes with a copy of the resolution adopted by the democratic national committee on their visit to Fairview July 14, declaring for publicity of contributions before election, eliminating individual contributions under \$100.

Johnson's Manager at Lincoln. Of more than usual significance was the visit to Fairview yesterday of Frank B. Lynch of St. Paul, democratic national committeeman from Minnesota and manager of the Governor Johnson campaign for the presidential nomination at the Denver convention. Mr. Lynch arrived about

STATE ENTHUSES

Representative of Hon. A. E. Stevenson Says Candidacy is Well Received.

FEW HAVE SUCH CHANCES

Election of Former Vice President Head of Commonwealth Would Be Unique in History.

James H. O'Donnell of Bloomington, a member of the campaign committee looking after the interests of Hon. Adlai E. Stevenson in his candidacy before the democrats of the state for the nomination for governor, spent to-day in Rock Island and Moline. Mr. O'Donnell is one of the best known democrats and one of the most experienced party workers in the state. He says he has canvassed Illinois pretty thoroughly and finds that everywhere the candidacy of Mr. Stevenson has stirred up great enthusiasm. Mr. Stevenson is regarded as close to Bryan, and this endears him to the rank and file of the party.

Man of Highest Standing.

The democrats generally regard themselves as fortunate in having a man of General Stevenson's standing in the field for the gubernatorial chair. It isn't every state that has the opportunity to elect a former vice president of the United States as head of the commonwealth.

Mr. Stevenson was brought into the race only through the importunities of his friends, but having once entered the contest, he feels that he should have the endorsement of the party.

noon in company with B. F. Nelson of Minneapolis, president of the state fair association.

Mr. Lynch lost no time in conveying to the democratic nominee Governor Johnson's assurance of loyal support of the democratic ticket and intention to take the stump in Mr. Bryan's behalf.

"There is no animosity toward Bryan in Minnesota," said Mr. Lynch. "While I do not promise that the democrats will carry Minnesota this year, I think they have a very good chance."

Invites Bryan to State Fair.

The business which brought Mr. Nelson to Fairview was to invite Mr. Bryan to attend the state fair in St. Paul and deliver an address. The invitation was accepted, the date being fixed at Aug. 31, but with the understanding that there should be no charge for admission to the grounds on that day.

It was announced that the St. Paul speech would be the only one that Mr. Bryan will make in Minnesota during the campaign. The subject to be discussed will probably be the tariff.

Will Help Handle Own Campaign.

Fairview, Lincoln, Neb., Aug. 6.—That Bryan proposes to a considerable extent to conduct his own campaign for the presidency was disclosed here today when he announced he would spend three days in Chicago, beginning Aug. 22. Democratic headquarters will be in full swing by that time and it is Bryan's intention to meet and confer with Chairman Mack and other leaders of his party and give them the benefit of his counsel. Bryan will speak at Des Moines Aug. 21 on the tariff question.

CLOTHING OF BOY'S BODY IDENTIFIED

Greek Padrone Arrested as Suspect in Atrocious and Mysterious Murder Case at Chicago.

Chicago, Aug. 6.—Mrs. Minnie Shishin today identified part of the clothing attached to portions of the dismembered body found in Mud lake as belonging to her son, Tuffa, aged 13, who had been missing since Sunday.

Acting on the theory the murder was the work of padrones attacked in the recent prosecution of Greek "boy slave" cases, an arrest was made today, that of a Greek known as an importer of boys from Greece.

Pittsburg, Pa., Aug. 6.—William E. McMillan, president of the McMillan Lumber company of Pittsburg, Chicago and Baltimore, is the victim of perhaps the most unique, certainly the meanest, sneak thief who ever entered a Pullman car.

POOR LITIGANT SHOULD HAVE AN EQUAL CHANCE WITH RICH: TAFT

Republican Candidate Declares Machinery for Prosecution of Criminals in America is Too Cumbersome—Talks Before Virginia Bar Association.

Hot Springs, Va., Aug. 6.—William H. Taft today addressed the Virginia Bar association, giving in detail his views on the delay in the administration of the law and suggestions for reforms.

Judge Taft presented the subject by stating the end sought in the administration of justice was to promote tranquility and contentment among the people but expressed doubt that our present administration of justice insured general popular satisfaction with its results.

Evidences Are Plenty.

"There are," he said, "abundant evidences that prosecution of criminals has not been certain and thorough to the point of preventing popular protest. The existence of lynching in all parts of the country is directly traceable to this lack of uniformity

and thoroughness in the enforcement of our criminal laws. The fault that exists in our present administration of justice and that sooner or later is certain to rise and trouble us, and to call for popular condemnation and reform is in the unequal burden which delays and the expense of litigation under our system imposes on the poor litigant."

Procedure Too Cumbersome. One remedy, Taft said, must be reform in our judicial procedure which is now too cumbersome. Another would be more expedition on the part of judges in rendering their opinions. Taft closed with a tribute to the legal profession and cautioned that conservatism ought not to be allowed to prevent reforms which are in the interest of the equal administration of justice as between the poor and rich.

Peoria, Ill., Aug. 6.—President R. F. Waddell of the Buckeye Powder company, fighting the Dupont organization, last night charged Congressmen Foss with playing into the hands of the powder trust in a government contract for smokeless powder, and also to a refusal of a hearing which afterwards through the senate committee resulted in the establishment of a government plant and the investigation of the trust's methods.

"The loss to the government annually through Foss' friendliness to the trust was \$5,000,000," said Mr. Waddell.

SUFFRAGETTES ENCOUNTER FROST; HOLD NO MEETING AT OYSTER BAY

Oyster Bay, N. Y., Aug. 6.—The suffragette movement conducted by the National Progressive Woman Suffrage convention was introduced in Oyster Bay yesterday by members of the union who advertised a meeting last night. Heading the party was Mrs. B. Borran Wells of London, England.

At the appointed time, 7:30 o'clock last night, the suffragettes gathered before the grocery store over which the president's offices are located, but to the evident disappointment, not an Oyster Bay woman appeared to hear them. A few men were there, but after a short wait Mrs. Wells announced that no meeting would be held.

The government executive officers early in the day learned of the proposed visit of the suffragettes and the secret service men were informed to keep a lookout for them. Every man of the secret service was at the office or on duty at Sagamore Hill, and Joseph Murphy, second in command, was sent to the railroad station to get an early sight of the visitors.

The union wrote to the president requesting that he receive several of the members, but he sent word that he was too busy to see them.

REFUSE TO MAN TRAINS

Use of Orientals Said to Result in Insufficient Inspection and Consequent Danger.

Winnipeg, Aug. 6.—The Canadian Pacific railroad is now replacing some of the strikers in the western shops by Japanese and Galicians. The Japanese are being gathered on the Pacific coast and more are expected today. They will be placed in the roundhouse as wipers and will do small repair work under instructors.

Indicates Spread of Trouble.

The crux of the strike situation lies in the attitude of the engineers, firemen and conductors, and indications are that four days hence the whole Canadian Pacific railway service will be tied up by these operatives refusing to take out mails on the ground the trains have not been properly inspected.
